

POWER LUNCH & ELECTRIC CAR TOUR

POLICY DAY

CaETC & ETcommunity

An Exclusive Invitation

The California Electric Transportation Coalition (CaETC), in partnership with the Electric Transportation Community Development Corporation (ETcommunity), invite you to join us for a lunch dialogue on equity within clean transportation, followed by a tour of electric vehicles on the LA Auto Show floor. Invitees will include elected officials, state and local policy makers, automakers, leaders from priority communities, and private sector representatives committed to building an equitable clean transportation future.

Discussion Highlights

- Interactive dialogue with those working to ensure adequate and reliable funding, those implementing incentive programs at the state and local level and community representatives
- Utilizing the [Electric Vehicle Charging in Communities November, 2022 report](#), we will review progress and look forward, considering further action needed to reach an equitable mobility future
- Panel discussion and facilitated work groups
